

## National Standards - Personal Licence Holders

### Introduction

To be eligible for a personal licence under the Licensing (Scotland) Act 2005 an applicant must hold the Scottish Certificate for Personal Licence Holders. The training certificate in itself does not constitute a personal licence. Once the certificate has been attained, the applicant must include this in their application for a licence to their local Licensing Board.

All training to meet the requirements of the Licensing (Scotland) Act 2005 should include three key areas:

1. Introduction to licensing
2. Responsible operation of licensed premises
3. Effect of irresponsible operation on society and health

The framework also provides an overview of the topics that should be covered by any generic training programme. As recommended by the framework, this specification is based on these topics but has been adapted and supplemented by topics specific to the Personal Licence Holder's role.

### Timescale

The training delivery schedule should take a minimum of 6 hours. Assessment should take no more than one hour. Candidate preparation and reading time is in addition to this. For the purposes of the Scottish Credit and Qualifications Framework (SCQF) this represents a total of 10 notional learning hours.

### Assessment

The SCPLH qualification must be assessed by way of a 40 question multiple-choice paper<sup>1</sup>. Assessment weighting for the topics covered in this specification are included in the appendix at the end of this document.

### Delivery and Assessment Strategy

The delivery and assessment of the SCPLH qualification is governed by the Delivery and Assessment Strategy specified by People 1st. The Strategy is available without charge from People 1st ([www.People1st.co.uk](http://www.People1st.co.uk)).
